

Golden Lip Gloss

Luxurious lip gloss with golden shine and crystal clear colour. Creastar® Electrum Gold brings real gold to all sophisticated and high class decorative cosmetic applications. Creagel® Crystal LA HV is an excellent lip gloss base as it has high refractive index and thixotropic properties. Creagel® Crystal LA HV creates a non-tacky film with water resistance. It allows easy, cold process lip gloss formulations. Based on non-oxydazing Meadowfoam Seed Oil and an hypoallergenic emollient, it also provides emolliency and softness for dry lips. Creagel® Crystal technology allows rich loading of pigments without risk of sedimentation.
