

Tefpoly® Long Lasting Lipstick

Long-Lasting Lipstick has deep and bright colour together with moisturizing lip care benefits. Based on Tefpoly® colourants which provide longlasting and omniphobic properties to the color care applications. Tefpolys® are ideal for lipsticks as they are not heat sensitive and create bright and even colour development. Creabase® NTL 80 creates an excellent base for lipsticks as it has good skin adherence. Meadowfoam Seed Oil® is added for its softening skin care benefits and Alphaflow® 50 enhances application qualities and shine. Dedraflow® 5 brings emolliency and lubricity to the formulation. Creasil® 7 ID is ideal for long lasting cosmetic application as it improves the skin adherence and endurance of the product.
