

## Water Dispersible Bath Oil

Relaxing bath oil leaving the skin soft and slightly perfumed without a greasy residue. Creagel® Crystal LA and AF are gellified lipids, which are used here to give structure to the formulation. Alphaflow® 30 provides softness and silkiness and Creanatural® LAB is an emollient with skin care benefits due to its high vitamin E content.

The formulation can easily be modified to an aromatherapy bath product by leaving out the fragrance and by adding a blend of essential oils instead.

Ingredients	INCI Name	Qty%	Supplier
<b>Creagel® Crystal LA</b>	Isododecane (and) Limnanthes Alba (Meadowfoam) Seed Oil (and) Ethylene/Propylene Copolymer	15,00	1)
