

Pelavie® Silt Mask

Silt has a capacity to retain heat and increase capillary circulation, which enlivens cellular metabolism as oxygen and nutrient supply will be improved. Pelavie® Silt Mask has a detoxifying and hormone balancing effect giving good results in treatments of aging skin, skin with poor skin tone and cellulite. Siltext® Iridescent fills the formulation with softness and it gives a smooth, silky skin feel. Hydrasoft® Cushion works as humectant and leaves a fresh after feel. This mask may be used on the face or as a body treatment mask.

Pelavie® Silt is available as black and green. The Pelavie® Green Silt has higher content of flavonoids, chlorophyll and other nutrients whereas Pelavie® Black Silt is rich in humic and fatty acids. The Pelavie® Black Silt in this formulation may be replaced with Pelavie® Green Silt.

Ingredients	INCI Name	Qty%	Supplier
Phase A			
	Water	q.s.	
	Magnesium Aluminum Silicate	2,00	
	Disodium EDTA	0,10	
	Chlorphenesin	0,20	
Phase B			
	Glycerin	3,00	
Hydrasoft® Cushion	Glyceryl Polymethacrylate (and) Butylene Glycol (and) Zea Mays (Corn) Starch (and) Chlorphenesin	8,00	1)
Siltext® Iridescent	Glyceryl Polyacrylate (and) Dimethicone (and) Hydrogenated Polyisobutene (and) Phenoxyethanol (and) Methylparaben (and) Ethylparaben (and) Propylparaben (and) Butylparaben (and) Isobutylparaben*	6,00	1)
Phase C			
Pelavie® Black Silt	Silt (and) Phenoxyethanol (and) Methylparaben (and) Butylparaben (and) Ethylparaben (and) Propylparaben (and) Isobutylparaben*	50,00	1)
Phase D			
Creagel® EZ 7	Polyacrylamide (and) Hydrogenated Polydecene (and) Laureth-7 Parfum	1,00 0,50	1)

*Preservative system can be modified upon customer's request.

Procedure:

1. Heat water and magnesium aluminum silicate to 75°C and agitate for 15-20 minutes.
2. Keep stirring and add the rest of the ingredients in phase A.
3. Cool down to temperature below 50°C and add phase B.
4. Add phases C and D to the mixture (A+B) and keep mixing until the mixture is homogenous.
