

Wrinkle Reducer Serum

This anti-wrinkle serum provides instant feeling of moisture and smoothness. Ideal as a make up primer as it leaves dry, matte skin feel. Based on Siltext® Mat, which works as texture enhancer. It gives rich feel without any tackiness upon application. Dedraflow® 5 is used as replacement to cyclomethicone with similar feel and volatility profile. Hydrasoft® Moist is humectant with fresh after feel. Non-oxydazing Meadowfoam® Seed Oil adds skin care benefits with a cushioned skin feel. Creage® EZ products are easy instant emulsifiers to improve the viscosity.
